The bidder acknowledges that the terms of the “bid contract” are represented by the Bid Documents.

A bid which fails to comply with the mandatory requirements of these Instructions to Bidders will be rejected. A bid which meets mandatory requirements, but which is otherwise non-compliant may be rejected.

2. Contract

The successful Bidder shall be required to sign two different Contracts/agreements, within fifteen (15) days after notification of acceptance of the bid:

- 2- Sub-Contract/Agreement with the General Contractor for removal of existing furniture and installation of the new furniture, fixtures, and equipment in this RFP.

3. Withdrawal of Tenders

A bidder who has already submitted a tender may submit a further tender at any time up to the official closing time. The last tender received shall supersede and invalidate all tenders previously submitted by that bidder.

A bidder may withdraw their tender at any time up to the official closing time by delivery of a letter bearing his signature and seal as in his tender, to the Owner. No other means of notification will be considered.

Where the Owner calls several tenders for opening on the same date and a bidder submits tenders on all or more than one of the tenders, it is permissible, after the opening of tenders on one job, for a bidder to withdraw tenders from further jobs, providing the bidder is the low bidder on the tender call just opened and the further tenders have not been opened. Tenders withdrawn under this procedure cannot be reinstated.

4. Acceptances or Rejection of Tenders

The City reserves the right to reject any or all bids as the interests of the City may require, without stating reasons therefore, and the lowest or any tender will not necessarily be accepted.

Tenders that contain prices that appear to be so unbalanced as likely to adversely affect the interests of the Owner may be rejected.

When in a tender the amount tendered for an item does not agree with the extension of the estimated quantity and the tendered unit price, the unit price shall govern, and the amount of the total Tender Price shall be corrected accordingly.

In the case of an error in addition, the correct sum of the amounts shown for each tendered item shall be deemed to be the total tender price regardless of the amount submitted by the bidder.

6. Informal Tenders

Bidders are strongly encouraged to review the Purchasing Policy. This policy can be found at www.Thorold.com

7. Omissions and Discrepancies

If a bidder finds discrepancies in, or omissions from, the drawings, specifications or other tender documents, or if he is in doubt as to their meaning, he should advise the Contract Administrator immediately. A written addendum will be sent to all Bidders if, in the opinion of the Contract Administrator, it is required.

8. Quantities are estimated

The quantities shown for the items in the Form of Tender are estimates only and are for the sole purpose of indicating to Bidders the general magnitude of the work. For any work done or materials supplied on the unit price basis, the Contractor will be paid for the actual measured quantities at the respective unit prices tendered.

9. Examination of Site

Bidders are required to satisfy themselves as to existing conditions of the site and make appropriate allowances in preparing the tender. The Owner assumes that the information provided is the best available at the time of tender advertising and that Bidders will use the available information as a basis for pricing in the tender. The bidder shall allow for any conditions deemed reasonable and appropriate for the performance of the work as outlined in the tender documents and incorporate such reasonable allowances in the pricing of the tender.

10. Clarification

Should a bidder find discrepancies in or omission from the tender documents or should he/she be in doubt as to their meaning, he/she shall clarify them with the appropriate City personnel, who may send an addendum to all bidders.
