

## INFORMATION RELEASE

### **FRONT ST. RECONSTRUCTION**

**CITY OF THOROLD, May 12, 2020** – In continuing with our ongoing commitment to improve the downtown core, work has begun on the reconstruction of Front Street which commenced May 7<sup>th</sup>, 2020. This project will consist of the replacement of sanitary sewer, storm sewer and watermain between Regent St. and just south of Clairmont St. Work also includes the replacement of sidewalks, streetlights, and crosswalks. This will enhance to the beautification of Front Street corridor.

The contract for the Front Street reconstruction project was awarded to Peter's Excavating Ltd. Work.

During the course of this project, you may experience short delays and disruptions to your routine. We ask for your patience and co-operation, and thank you in advance during the construction period. Access to driveways might be blocked for a short time; however, notice will be given prior to being inconvenienced.

During construction, Residents are asked to place garbage/recycling out on typical pickup days prior to 7:00 am.

Concerns should be addressed to Mr. Sean Dunsmore, Engineering Manager at 905-227-6613 x 290 or by email at [sean.dunsmore@Thorold.ca](mailto:sean.dunsmore@Thorold.ca), In the event of an emergency outside of the normal working day, please call City Hall at 905-227-6613.
