

NOTICE OF ONLINE PUBLIC INFORMATION CENTRE

SOUTH MAIN STREET BRIDGE AND PEDESTRIAN LINKAGE

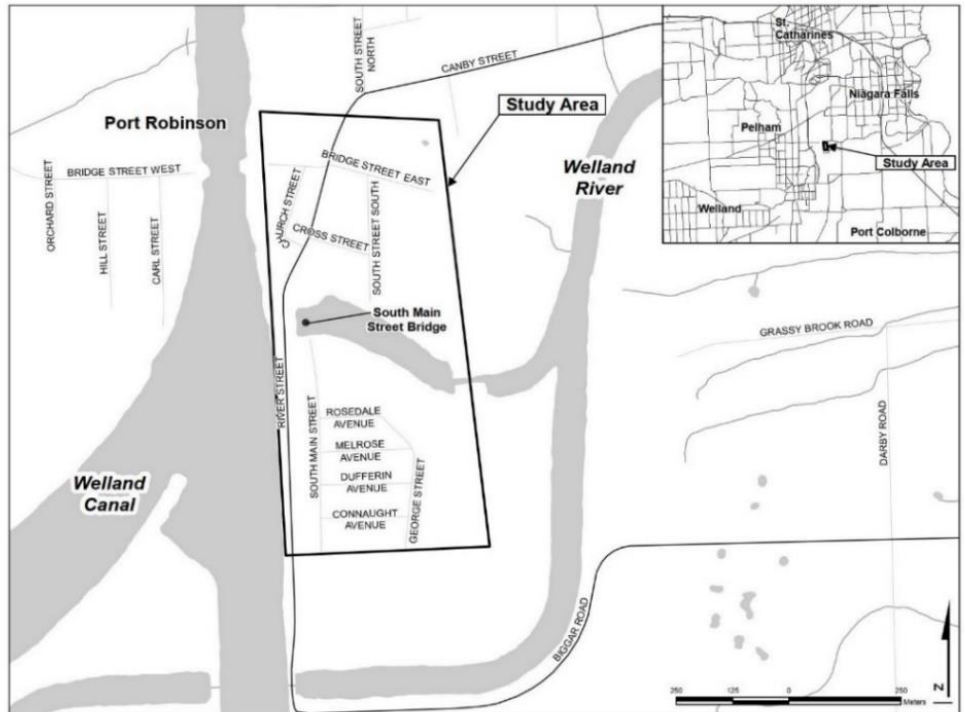

MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT STUDY

Schedule "B"

THE STUDY

The City of Thorold (City) has retained McIntosh Perry Consulting Engineers Ltd. (McIntosh Perry) to provide consulting services for addressing the concerns related to the South Main Street Bridge and Pedestrian Linkage in the Port Robinson area (map below).

As per the Ontario Structural Inspection Manual bi-annual inspection, the existing South Main Street Bridge is in poor condition and has been closed for public use at this time. Therefore, the City of Thorold is undertaking a study to address the need to provide a safe and reliable pedestrian linkage between South Main Street and Cross Street in the Port Robinson area.

The project is following the requirements of the Municipal Class Environmental Assessment (Class EA) process for a Schedule 'B' undertaking. As part of the Class EA requirements, public is invited to review and comment on the alternative design concepts being considered by the City.

PUBLIC INFORMATION CENTRE AND INVITATION FOR COMMENTS

The purpose of this notice is to invite you to participate in an Online Public Information Centre (PIC) for this project. The Online PIC will present the study process, existing conditions, alternative design concepts and provide opportunity for public input and comments. The Online PIC materials can be accessed through the City of Thorold website at: www.thorold.ca

Public input and comments will be considered in developing the preferred design alternative. If you have any questions, comments, require additional information or wish to be added to the project contact list for future updates to the study please contact the following project team members:
