The City of Thorold has completed several studies in relation to the creation of an Ecological Park, situated on the eastern shore of the Welland Canal in the Port Robinson area. The purpose of this PIC is to show a Conceptual Master Plan to ensure that we have captured all resident comments from PIC #1, 2, and 3, and to provide another opportunity for resident comments and confirmation towards a final Master Plan.

Public input is encouraged and will be given consideration during the final Master Plan Concept.
