## MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT- RECONSTRUCTION OF ST. DAVID'S ROAD AND TOWNLINE ROAD

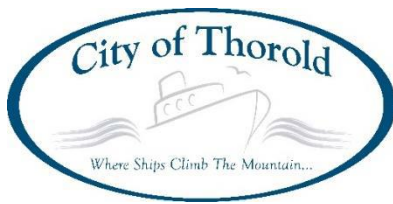

The City of Thorold has completed a Class Environmental Assessment study for the reconstruction of St. David's Road and Townline Road between Collier Road / Burleigh Hill Drive and Front Street, bordering the cities of St. Catharines and Thorold.

The project was completed as a **Schedule "B"** project in accordance with the **Municipal Class Environmental Assessment** (October 2000, amended in 2007, 2011 & 2015). As such, public and technical agency consultation played a key role in developing the study recommendations.

In addressing the need to reconstruct the road, the study considered: geometric and operational improvements to the St. David's Road and Townline Road intersection; improved pedestrian and cyclist amenities; extension of Townline Road to Merritt Street/Ormond Street North; and an active transportation connection to the Welland Canals Parkway Trail. The project also included recommendations for upgrades and replacement of underground services (watermain, storm and sanitary sewer).

*Information will be collected in accordance with the Municipal Freedom of Information and Protection of Privacy Act. With the exception of personal information, all comments will become part of the public record.*

# Notice of Study Completion

A Project File Report (PFR) documenting the planning process undertaken, details of the study recommendations as well as potential impacts and mitigation measures, has been completed and by this Notice is being placed in the public record for review

The PFR is available for review on the City's website at [https://ic9.esolg.ca/11179647\\_CityofThorold/en/city-hall/st-davids-road-environmental-assessment.aspx](https://ic9.esolg.ca/11179647_CityofThorold/en/city-hall/st-davids-road-environmental-assessment.aspx) Due to the ongoing COVID-19 pandemic and associated restrictions on public gatherings, and in the interest of public health, the PFR will not be made available for review at either City Hall. Alternative formats including hard copies can be made available upon request.

Interested persons may provide written comments to the project team by March 4, 2021 All comments and concerns should be sent directly to the Project Managers listed below at the City of Thorold and City of St. Catharines by mail or by e-mail.

City of St. Catharines  
50 Church Street, P.O. Box 3012  
St. Catharines, ON L2R 7C2

In addition, a request may be made to the Ministry of the Environment, Conservation and Parks for an order requiring a higher level of study (i.e. requiring an individual/comprehensive EA approval before being able to proceed), or that conditions be imposed (e.g. require further studies), only on the grounds that the requested order may prevent, mitigate or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Requests on other grounds will not be considered. Requests should include the requester contact information and full name for the ministry.

Requests should specify what kind of order is being requested (request for additional conditions or a request for an individual/comprehensive environmental assessment), how an order may prevent, mitigate or remedy those potential adverse impacts, and any information in support of the statements in the request. This will ensure that the ministry is able to efficiently begin reviewing the request.

*Information will be collected in accordance with the Municipal Freedom of Information and Protection of Privacy Act. With the exception of personal information, all comments will become part of the public record.*

## Notice of Study Completion

These requests should be sent in writing or by email to:
